trovelore

Trovelore is an embroidery atelier specialising in the use of needlework and mixed materials to craft a line of embellished Jewelry. Delicately embroidered by hand, the precise choice of materials, colours and techniques give a precious life-like quality to our designs. The Trovelore atelier helps sustain and keep alive hand workmanship. Making our products is the artisans' prime source of livelihood and we are humbled in our contribution to this cause.

BUMBLEBEE

Embellished Pin

Bumblebees, amongst the most important pollinators, are in trouble, and the cascading ecological consequences are coming soon. Threatened by climate change, habitat loss, and the loss of fuzzy and buzzy insects, the loss starting now.
